

Special Needs Barbados Accommodation Guide

As the premier vacation destination of the Caribbean, Barbadian hoteliers and support staff are friendly, customer service oriented and increasingly equipped to support clients with special needs.

North, South, East or West?

While the north and east coasts of Barbados boast incredible natural beauty, there is not much to do and offers few amenities suited to the **Special Needs Traveler**. If traveling with a friend, a car rental would facilitate your stay as taxi availability could be limited.

The south and west coasts of Barbados provide maximum utility and amenities to the Special Needs Traveler. Sidewalks are better maintained and there are a variety of hotels, restaurants, entertainment venues and services to meet your needs.

Consider the trendy [Holetown](#) or popular [St. Lawrence Gap](#) for the best combination of comfort and accessibility.

To begin your search with Totally Barbados!

Barbados boasts a large number of well equipped [hotels](#) and [villas](#) across the island offering wheelchair accessible rooms, lifts and other amenities such as beach wheelchair rentals.

Please inquire for more detailed information before confirming your booking.

Just FAB-ulous!

Recently, the **Barbados Council for the Disabled** began awarding Barbadian businesses for their efforts under the **Fully Accessible Barbados (FAB)** programme. The FAB awards went to local business offering amenities specifically designed for the physically challenged.

The FAB evaluation team looked for amenities such as:

- » Ramps
- » Fitted bathrooms
- » Parking spaces
- » Height corrected counters & tables

Award recipients in the hotel category included:

- » Hilton Barbados
- » Accra Beach Hotel & Resort
- » Amaryllis Beach Resort
- » Colony Club
