10 Comic Book Heroes; 10 Ways to Save the World; Which One Do We Need Most Now?

June 20 2018 BY TARA MACDONALD News Staff

Superheroes tell us what's important to society and what types of characters we should strive to emulate in our own lives. However, in the life of a superhero, ethical dilemmas are often undermined and laws are broken in order to save the day.

In *Superhero Ethics*, local author Travis Smith investigates the motivations, decisions, and destinies of our favorite superheroes to determine which one best embodies the kind of person we should strive to be in today's society. Pitting the ten top superheroes against another in a series of interesting and compelling scenarios, Mr. Smith uncovers the somewhat surprising superhero who best embodies the moral character and social consciousness for our times.

Want to learn more or buy the book?

Don't miss the launch of *Superhero Ethics* on Tuesday June 26th at the Quirky Carrot in downtown Alexandria. The event takes place from 7 pm - 9 pm with entertainment provided by Katie Ditchun and Rob Lemieux. Guests will have the chance to meet the author, ask questions, share their thoughts on modern superheroes and be among the first to purchase a signed copy of the book.
